

**Award/Bursary Summary:**

STEM PASS Foundation recognizes that entrance and admissions costs often create barriers to STEM education. We reimburse students for costs associated with admissions and entry, including institutional application costs, standardized examinations required for admissions, and associated preparatory materials. Our awards can be applied to undergraduate, graduate, and professional degree programs in STEM. Awards are disbursed on a rolling basis, and applications are open year-round.

**Eligibility Criteria:**

All applicants must:

- (1) Be applying for reimbursement of application fees, MCAT examination/prep material  
GRE, DAT examination/prep material
- (2) Pursuing a career in science, technology, engineering, or medicine
- (3) Pursuing post-secondary education at a recognized Canadian University
- (4) Have demonstratable financial need
- (5) Be a resident of Canada currently

**Application Checklist:**

1. **Application:** Complete the application form
2. **Submit receipt:** Attach the receipt for the fee in which you are applying for reimbursement
3. **Reference:** Your referee should be someone who can speak to your work ethic, professional goals, and academic capabilities. Friends, family, and peers are not appropriate referees. The reference letter should be submitted directly by your referee to [info@stempass.ca](mailto:info@stempass.ca). Please address reference letters to "STEM PASS Award Selection Committee", and provide up-to-date contact information.
